Hamburg - 22177, Germany

OBJECTIVE

Seeking a challenging entry-level position in software development to leverage my growing expertise in Frontend-development. As a 22-year-old recent graduate, I am eager to learn and contribute to innovative projects at the intersection of technology and practical problem-solving. I am passionate about collaborating with diverse teams, expanding my skill set, and applying my knowledge to real-world challenges in areas such as web development and IT solutions.
